## Air compressor

### Technical specifications

|                          |                         |
|--------------------------|-------------------------|
| Brand                    | CECCATO                 |
| Model                    | S4                      |
| Industry                 | Italy                   |
| Dimensions               | 520 mm x 590 mm x 920mm |
| Weight(approx.)          | 100 KG                  |
| Max Pressure (Bar)       | 10 Bar                  |
| Total power              | 3 kW / 4 HP             |
| Electricity              | 400v , 3 ph , 50hz      |
| Vessel size              | 0                       |
| Air Displacement (l/min) | 426 Liter/min           |

Code: 1634

| Technical specifications |                  |                          |
|--------------------------|------------------|--------------------------|
| Brand                    | الماركة          | CECCATO                  |
| Model                    | الموديل          | S4                       |
| Industry                 | الصناعة          | Italy                    |
